Enjoy a beautiful garden with light

The Philips myGarden Virga wall light is machined from stainless steel, its contemporary shape directing the elegant LED light away from your wall. Sure to make a strong style statement in your garden.

Sustainable light solutions

- Energy saving
- High quality LED light
- Warm white light
- Philips offers a 5-year warranty on the LED module and driver

Designed for your garden

- IP44 - weatherproof

Highlights

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

5-year warranty on LED system

On top of the standard 2-year warranty for this lamp, Philips offers a 5-year warranty on the LED system, meaning the LED module and the driver in this lamp.

IP44 - weatherproof

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for general outdoor use.

Specifications

Design and finishing

- Colour: inox
- Material: aluminium

Extra feature/accessory incl.

- 5 year warranty on the LED module: Yes
- Fully weatherproof: Yes
- LED integrated: Yes
